

THE PROBLEM

Business owners don't have time to monitor, manage and respond to all the reviews they receive online!

90% of consumers **make decisions based on what online reviews say**

THE SOLUTION

Have us manage it for you! On behalf of your business, our agents craft custom responses to both negative and positive reviews. This includes weekly mention monitoring and surfacing negative sentiments to the business.

In the case of negative reviews, our agents send the crafted response to you to provide final approval within 24 hours before the reviews are posted.

The Review Management Service provides you with peace of mind knowing that the online reputation is being protected so you can focus on running your business!

Why are reviews important?

- Influence page rank up to 10%
- Increase website visits up to 25%
- Showcase success with positive reviews
- Gain the trust of clients with real feedback
